DOMESTIC AND COMMERCIAL APPLICATIONS

INTRODUCING THE SMARTER INTERIOR DOOR

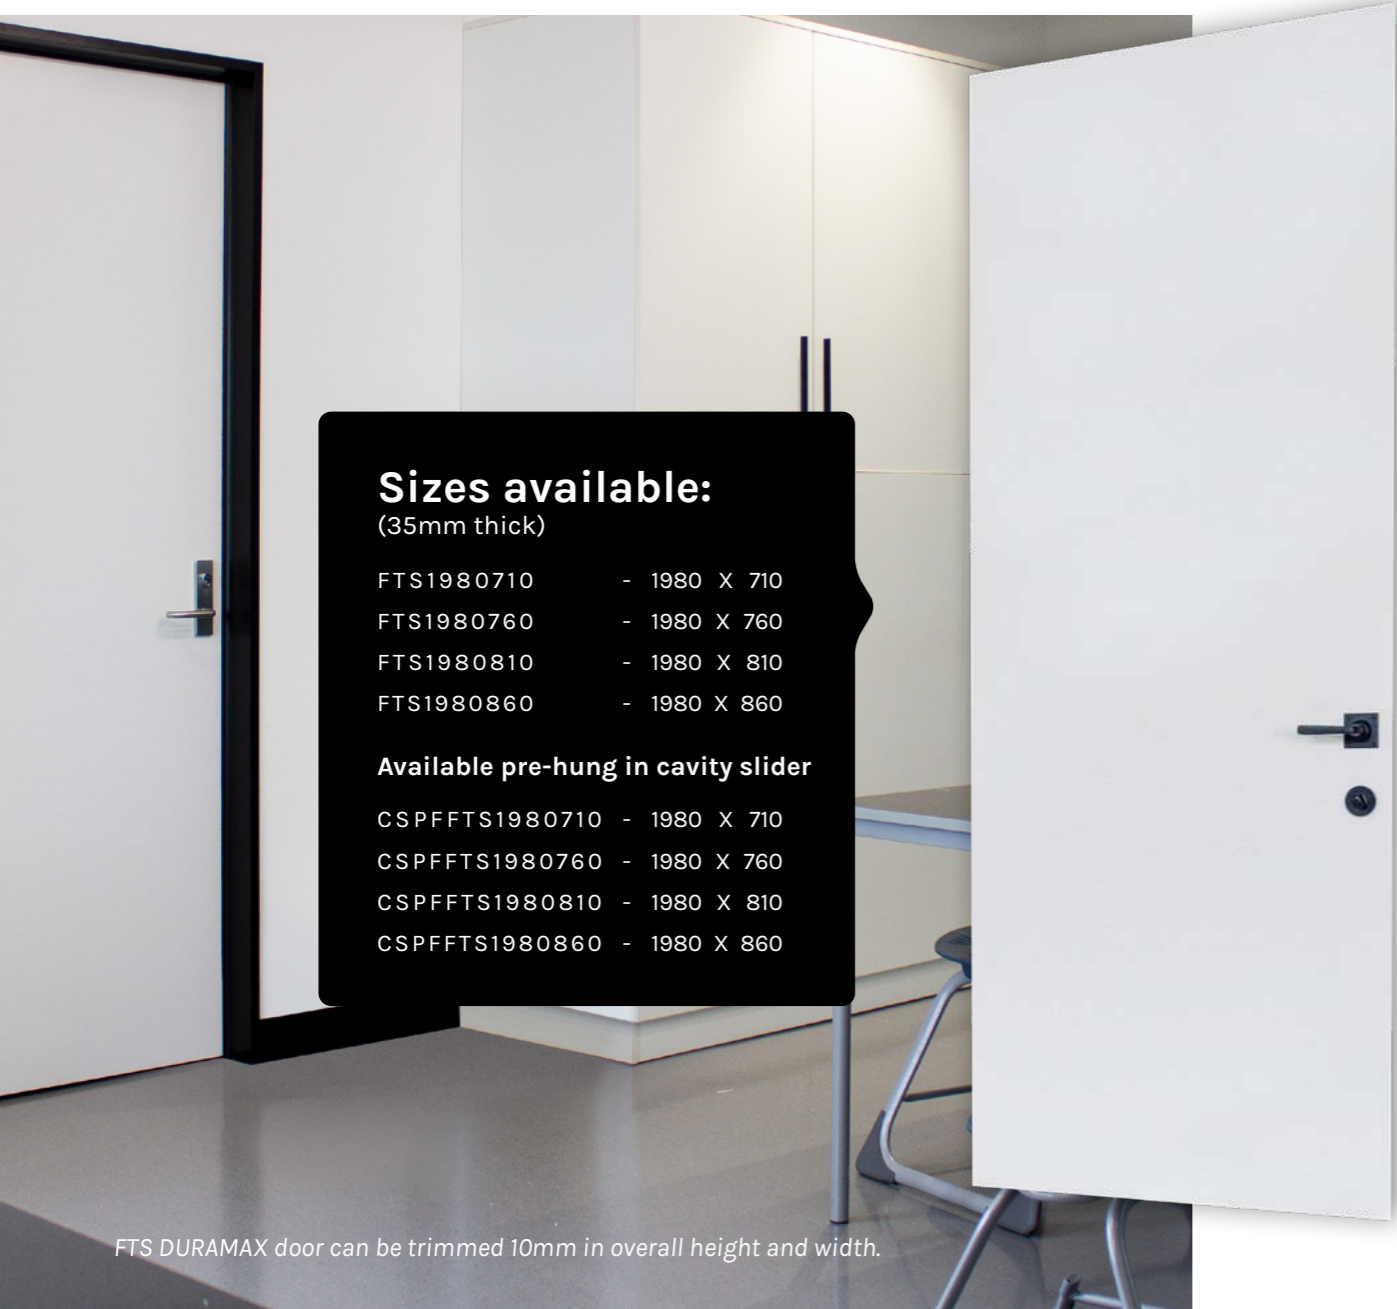

The answer for all interior wet areas.
PU dense foam core provides excellent
insulation rating with no rotting, swelling or twisting.

HYGIENIC, WATER RESISTANT, STRONG AND STABLE.

The Parkwood name has become synonymous with expert craftsmanship and high-quality door manufacturing, since 1993.

Now, we are introducing a **new range of interior doors** in our Duramax line, offering you superior durability for high-traffic areas, water resistance for bathrooms, kitchens and other wet areas, smooth fibreglass skins for hygienic finishes, excellent stability and exceptional impact resistance.

Sizes available:
(35mm thick)

FTS1980710	-	1980 X 710
FTS1980760	-	1980 X 760
FTS1980810	-	1980 X 810
FTS1980860	-	1980 X 860

Available pre-hung in cavity slider

CSPFFTS1980710	-	1980 X 710
CSPFFTS1980760	-	1980 X 760
CSPFFTS1980810	-	1980 X 810
CSPFFTS1980860	-	1980 X 860

FTS DURAMAX door can be trimmed 10mm in overall height and width.

DURAMAX INTRA IS LIKE ANY INTERIOR DOOR. **JUST BETTER.**

Smooth clean Duramax fibreglass door skins provide an excellent impact resistant substrate for a hygienic finish.

Low sound transmission and high insulation as a result of the PU dense foam core.

Straight and stable, no bowing due to LVL stiles. No swelling or breakdown thanks to the fully sealed composite PVC resin edges on 4 sides of door.

When you need interior doors to do more, choose Duramax INTRA.
