

## Parkwood recommends using Dulux Mannex powder coat range.

- Same colours, but textured stipple finish
- Specifically designed for entry doors
- More durable
- Hides the very minor defects
- Very similar to Interpon's Textura
- NO additional cost!

Contact  
Parkwood for  
your free samples  
of the Mannex  
range

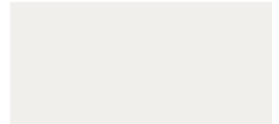

The Mannex range consists of distinctive and decorative course textured effect finishes delivered with tough polyester thermosetting powder. Resulting in a hard durable finish that assists in hiding any surface defects and resistant to scuffing.

New technology has been embodied into the Mannex range giving the powder coating easy clean properties

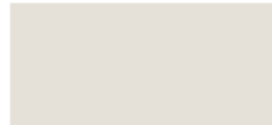

*Eventually, the  
standard  
powder for all  
doors will be  
Mannex*
